Special terms/Techniques to be taught:

- Radiant® is a net yarn that consists of a netted piece topped by a row of "eyelets". To work with Radiant®, only crochet with the thread above the eyelets. The net area under the eyelets will form soft ruffles when crocheted.
- To crochet: Insert hook into each eyelet and pull only top thread through stitch – do not try to pull complete strand of yarn through. Finished piece will be ruffled on both sides.

Instructions:

Working along eyelet edge of yarn, insert hook under first eyelet and pick up a loop. Chain 6 stitches, working into every other eyelet, turn.

Row 1: Single crochet into 2nd chain from hook, single crochet into next 4 chains and turn.

Row 2: Chain 1, single crochet in each single crochet across. Repeat row 2 until a small amount of Radiant remains and fasten off last stitch.

Finishing:

Weave in ends. If you have difficulty weaving in ends, you may secure them by sewing them down with a sewing needle and matching sewing thread.
